

POLICY

To create a unique shopping experience through excellence & continual improvement approach thereby striving to achieve customer delight and creating a responsible socio-economic environment.

Select CITYWALK, is committed to achieve Multi-Stakeholders Requirements

We shall strive to achieve operational excellence by framing, reviewing and continually improving on Qualitative, Energy Efficiency, Environmental, and Health & Safety performance by:

1. Complying and endeavor to exceed all applicable national legislations, guidelines, code of practices and all other requirements applicable to our **operations**, health and **safety, environmental** & Energy aspects in letter and in spirit.
2. Ensuring **best in class shopping experience**, safe and secure facilities at Select CITYWALK to meet expectations of our Multi Stakeholders.
3. Providing **niche platform to new and/or recognized National & International brands** to showcase their unique products & services to consumers.
4. To ensure **RESPECT** for dignity of human life. Further ensuring **safe and healthy environment** and achieving an **injury-free and illness-free** center by eliminating hazards and reducing OH&S risks.
5. Promoting waste avoidance & reduction, recycling and reusing waste and finally disposal of inevitable waste by following environment-friendly processes. Further, reducing and controlling all types of wastages/losses, pollutants, optimizing resource utilization; initiating energy and **water conservation** measures and increasing use of green energy thereby reducing carbon footprints.
6. Creating an atmosphere of IMS System awareness for **Quality, EHS** & Energy by providing adequate resources, training, educating and ensuring participation and consultation of our employees, contracted personnel and other **interested parties**.
7. Ensuring that **Qualitative**, EHS, and Energy criteria and objectives are framed, monitored, measured analyzed and continually improved in all our processes.
8. Taking measures in Energy Management System by being proactive, innovative, cost effective for procurement of energy and sourcing energy-efficient product & services.

The management and colleagues of Select CITYWALK are committed to implement the policy & maintain Policy by setting new best industry practices.
